Fundraising Pack

Welcome to Team Oasis!

Thank you for supporting us
with your fundraising

Together we can help end
Domestic Violence and Abuse.

About Oasis

Oasis helps people across Thanet, Dover, North Kent & Medway who have experienced Domestic Abuse.

We work to make people safe, to house people fleeing violent homes, and to help them on the path to recovery.

We work with all victims of Domestic Abuse, regardless of gender identity, health needs, substance misuse or mental health needs through a range of community outreach programs.

We offer services for children and young people who have witnessed abuse or who have suffered it themselves. This includes early intervention and preventative work with young people in the community who are already at risk of becoming victims or perpetrators of abuse in their own intimate relationships and who may have little understanding of what a healthy relationship looks like.

What our clients say

"Always made me feel comfortable and provided so much support."

"I have a new lease of life thanks to this service. Living the dream now."

Services we offer

- **Two refuges for women and children forced to flee their homes**
- **Two Accommodation projects for young women who are homeless because of domestic abuse in their family home**
- **Support in the community for male and female victims, including a high risk service**
- **Groupwork programmes for those still in abusive relationships as well as for those who have left**
- **Support through the criminal and family courts**
- **A range of specialist children's programmes**
- **A peer mentoring service**
- **An employability service**
- **A weekly support group**
- **Educational workshops in schools about healthy relationships**
- **A project specifically for teenage boys**
- **Specialist counselling**

Providing a safe place for families

Since opening a refuge in 1994 we have supported thousands of people through our services.
